

Spectralink is delighted to announce a new Elite Partner serving Switzerland – Sunrise Communications AG!

LONDON, UK. 2nd October, 2017 – Spectralink Corporation (www.spectralink.com), the global leader in enterprise mobility solutions, is delighted to announce a strategic partnership with leading Swiss Mobility Solutions Specialist, Sunrise Communications AG (<https://www.sunrise.ch>) to deliver end-to-end enterprise-grade DECT and superior Voice over Wi-Fi mobility solutions to the VoIP & UC Technology to enterprises throughout Switzerland.

Based in Zurich, Sunrise is the largest private telecommunications company in Switzerland, with over 2.99 million customers, providing mobile, landline, internet and digital TV solutions for the past 17 years. Boasting seven sales and support centres throughout Switzerland, Sunrises promises innovative products, services and support to all existing and future customers – ensure people in Switzerland can communicate with ease.

"The partnership with Spectralink allows us to offer our customers innovative DECT and Wi-Fi-based mobile solutions that integrate seamlessly into leading Unified Communication platforms, such as Microsoft Skype for Business and Cisco CUCM & HCS. As a result, we can provide a combination of state-of-the-art communication solutions and terminal devices for business applications," explains Robert Wigger, Chief Business Officer at Sunrise.

Spectralink, as the only certified Microsoft Partner in the DECT and Voice-over-Wi-Fi segment, provides the opportunity to expand the range of productivity-enhancing Unified Communications solutions (Presence, IM, Chat, calendar functions) with terminal devices for business use. While special features such as barcode scanning, paging, intercom and location indicator support work processes and productivity, "Panic Button," "Lone Worker Protection," and "Man Down Alert" ensure personal safety.

Armin Dominick, Strategic Account Manager in Switzerland for Spectralink adds, "Our partnership with Sunrise will extend our reach in the hugely important Swiss market. As the leading communications provider across Switzerland, this partnership will provide incremental opportunity for both parties. *As businesses throughout Switzerland adopt integrated Wi-Fi unified communications, partnering with Spectralink in this evolving market represents a huge opportunity, while delivering on the promise Sunrise offers all customers of providing the best communication solutions at the best value for money.*
